## 7<sup>th</sup> Empowered Administrators Conference

The Waterfront Hotel

20-21 SEPTEMBER 2018

# EMBRACING

## THE 4<sup>TH</sup> INDUSTRIAL REVOLUTION

The 4th Industrial Revolution is upon us! The future should not look gloomy or uncertain for an empowered office administrator. While the other professions may be downsizing, the Empowered Administrators Conference is busy strengthening the skills of 21st century office administrators to ensure their relevance for the 4th Industrial Revolution.

We are very enthusiastic about the advances that the EAC has made over the past six years. These advances have centred on the core values and purpose that should drive office professionals to do what they do – as well as a strong vision for their future role. In this journey, our investment into the envisioned future for office professionals is taking shape, and the all-round growth of the EAC and its participants show that we are on the right path.
