

**TO: ALL STAFF AND STUDENTS**  
**FROM: PROF. M.M. RAMOGALE**  
**VICE-CHANCELLOR AND PRINCIPAL (ACTING)**  
**DATE: 10 JANUARY 2023**  
**SUBJECT: WELCOME MESSAGE**

I am writing to welcome all staff and students to the 2023 academic year. I hope you used the festive break to recharge your batteries and are now raring to go. At the beginning of each year, individuals adopt resolutions that they use as signposts to achieve personal goals and objectives for the year in question. I hope you have done the same for yourself.

As a university community, let us collectively resolve to make our university a stable and thriving institution that has a firm and constant gaze on one goal: academic excellence. In this way, we will all have the satisfaction of knowing that we are playing our part in the national mission of making South Africa a prosperous and forward-looking country.

I will, in due course, communicate with you through various channels to bring you up to speed with our priorities for 2023.

All the best for the new academic year.

Yours faithfully

Prof. M.M. Ramogale  
Vice-Chancellor and Principal (Acting)
