

REQUEST FOR QUOTATION

SPECIFICATION: PERMANENT SKIRTING FOR HALL STAGE

Reason for RFQ : Permanent skirting for hall stage

Request from : MarComms

A | SPECIFICATION FOR SKIRTING:

- Description: There is a stage inside Seme Hall stage; we store furniture underneath the stage therefore it must be covered at all times. We no longer wish to hire draping for every event. We require a permanent skirting for the stage – detachable for dry-cleaning purposes. The skirting must be gathered and not pleated.
- Fabric: heavy duty polyester cotton for 10 year durability
- Size: 25m from side to side + 1.5m from top to bottom
- Colours: 6 equal segments of burgundy + gold + turquoise placed alternatively one after the other to create “stripes”
- Installation: Must include the installation fee and equipment necessary – ensure that it is conveniently detachable for dry-cleaning purposes.

B | MANDATORY:

- You must book an appointment to view and measure the hall stage prior quotation. (0607532476 – Jade)
- You must bring tangible fabric samples prior quotation. We will select the most suitable polyester cotton and you may quote after.
- While installation will be done by the supplier, the maintenance will be done by MUT. Ensure that you quote skirting that is detachable for dry-cleaning purposes.
