

---

**ADDENDUM TO RFB MUT 30/2026**

---

**Appointment of a Suitable, Qualified, and Experienced Quantity Surveyor for the Refurbishment of the Training Laboratories at Block C**

---

**REFERENCE LETTER DESCRIPTION RECTIFICATION**

This addendum serves to rectify the requirements relating to reference letters. The previously stated requirement to: *“Provide three (3) signed reference or recommendation letters from the client, including contactable references to prove relevant (landfill and groundwater) experience.”* is hereby **amended** to read as follows:

***“Provide three (3) signed reference or recommendation letters from the client, including contactable references to prove relevant experience.”***

This rectification is issued to amend the documentation requirements and ensure alignment with the project background and scope of services found on page 5 of 17. All other terms and conditions remain unchanged and in full force and effect.

Annexure A details the updated description for the reference letter requirements under functionality that bidders must meet to satisfy the project's needs.
